

# Drainage Kit Component Guide

## Stainless Steel Drainage Kits

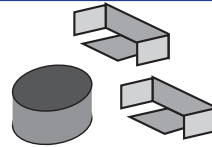

### Channel Components

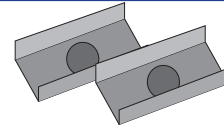

**Oversized stainless steel channel with pre-punched outlet\***  
(Kits under 2m long)

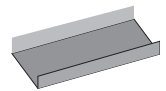

**Stainless steel channel section**  
(Kits 2m long and over)

**Outlet extender & 2x clip on end caps**  
supplied with all kits

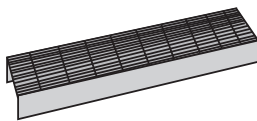

**Loose outlets\***  
supplied with kits 2m long and over

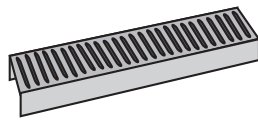

**Stainless steel joiner\*\***  
supplied with kits 3.5m long and over

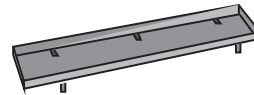

### Grates

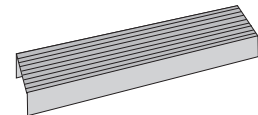

**Wedgewire grate/s**  
(Supplied in multiple sections for kits longer than 1.5m)

**Punched grate/s**  
(Supplied in multiple sections for kits longer than 1.5m)

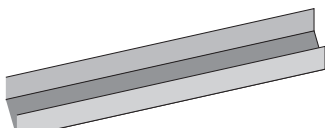

**Tile insert/s**  
(Supplied in multiple sections for kits longer than 1.2m)

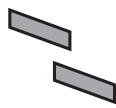

**Wave grate/s**  
(Supplied in multiple sections for kits longer than 1.5m)

## uPVC Channel Drainage Kits

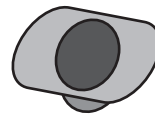

### Channel Components

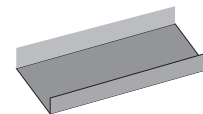

**uPVC channel section**

**2x end caps**  
provided with all kits

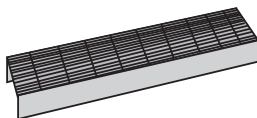

**Loose outlet\***  
2x in kits 2.1m and over  
3x in kits 4.1m and over

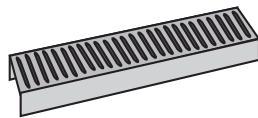

**uPVC joiner\*\***  
supplied in kits 3.2m and over

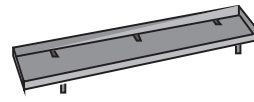

### Grates

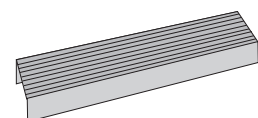

**Wedgewire grate/s**  
(Supplied in multiple sections for kits longer than 1.5m)

**Punched grate/s**  
(Supplied in multiple sections for kits longer than 1.5m)

**Tile insert/s**  
(Supplied in multiple sections for kits longer than 1.2m)

**Wave grate/s**  
(Supplied in multiple sections for kits longer than 1.5m)

#### Please Note:

\* Standard outlet size is DN100 for 100mm wide kits and DN50 for 65mm wide kits. For alternative outlet sizes, please specify on order.

\*\* Mitred joiners available as an optional extra, please specify on order where required.

## Stainless Steel **Drainage Kits**

Kit Length	Channels	Wedgewire Grates	Tile Inserts	Punched/ Wave Grates	Outlets	Joiners
900	1500 Long, Outlet 500mm from end	1 x 900	1 x 900	1 x 900	1 x Pre Punched	-
1000	1500 Long, Outlet 500 from end	1 x 1000	1 x 1000	1 x 1000	1 x Pre Punched	-
1200	1800 Long, Outlet 600 from end	1 x 1200	1 x 1200	1 x 1200	1 x Pre Punched	-
1500	2400 Long, Outlet 800 from end	1 x 1500	2 x 750	1 x 1500	1 x Pre Punched	-
1800	3000 Long, Outlet 1000 from end	2 x 900	2 x 900	2 x 900	1 x Pre Punched	-
1900	3000 Long, Outlet 1000 from end	1 x 900, 1 x 1000	1 x 900, 1 x 1000	1 x 900, 1 x 1000	1 x Pre Punched	-
2000	2000 Long	2 x 1000	2 x 1000	2 x 1000	2 x Loose	-

## uPVC Channel **Drainage Kits**

Kit Length	Channels	Wedgewire Grates	Tile Inserts	Punched/ Wave Grates	Outlets	Joiners
900	1000	1 x 900	1 x 900	1 x 900	1	-
1000	1200	1 x 1000	1 x 1000	1 x 1000	1	-
1200	1400	1 x 1200	1 x 1200	1 x 1200	1	-
1500	1600	1 x 1500	2 x 750	1 x 1500	1	-
1800	2000	2 x 900	2 x 900	2 x 900	1	-
1900	2000	1 x 900, 1 x 1000	1 x 900, 1 x 1000	1 x 900, 1 x 1000	1	-
2000	2200	2 x 1000	2 x 1000	2 x 1000	1	-
2200	2400	1 x 1000, 1 x 1200	-	1 x 1000, 1 x 1200	2	-
2400	2600	2 x 1200	2 x 1200	2 x 1200	2	-
2700	2800	1 x 1200, 1 x 1500	3 x 900	3 x 900	2	-
3000	3000	2 x 1500	3 x 1000	2 x 1500	2	-

**Please note:**

Standard outlet size is DN100 for 100mm wide kits and DN50 for 65mm wide kits. For alternative outlet sizes, please specify on order.

When combining kits to form a longer drain, please specify total drainage length required - drains exceeding 3000mm in length are supplied in sections with appropriate stainless steel or uPVC joiner.
