

ARCHITECTURAL  
GRATES + DRAINS

# 65MNDi25

## Linear Drain

Modular drainage system with a stainless steel grate and stainless steel channel.

A world first in architectural linear grates, the partnership with Marc Newson has created a new decorative solution for wet areas, incorporating Newson's signature tessellated hexagonal pattern.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished. Lengths over 3000mm available on request.
