

ARCHITECTURAL
GRATES + DRAINS

38G100

Linear Drainage System

The Special Assembly range was developed for outdoor applications with high capacity drainage needs.

The 38G100 provides flexibility in landscape and pool design featuring a 38mm wide top drainage channel connected via downpipes at 200mm intervals to a 100mm drain pipe below.

Please note stainless steel grates to complement this system are separate items

Code 38G100

Range Special Assembly
