

ARCHITECTURAL  
GRATES + DRAINS

# VC100-25

## Vinyl Clamp Drainage System

**Stainless steel vinyl clamp drainage unit for use in a vinyl floor environment.**

This innovative drainage product allows the use of a linear grate in a vinyl floor environment.

It is particularly well adapted for drainage needs in hospitals, commercial kitchens and schools. Designed specifically for vinyl floor environments, the VC range of drain units are manufactured from 316 marine grade stainless steel.

The vinyl clamp features a wedge wire architectural style grate and a stainless steel channel in which a screw down flange mechanically clamp the vinyl beneath. The VC100-25 has a 60 degree slope on the side walls, which reduce the stress on the vinyl and increase the life of the flooring surface.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished.

- Code** VC100-25
- Range** Vinyl Clamp
- Grate Style** TR
- Category** Made-to-Length
- Channel Material** Stainless Steel
- Steel Grade** 316

### SPECIFICATIONS + DIMENSIONS

<b>Channel Width</b>	170mm
<b>Channel Depth</b>	27mm
<b>Length(s)</b>	As Required
<b>Outlet Size</b>	N/A

### STORMTECH COLOUR FINISHES

### PRODUCT APPLICATIONS

- Bathroom Drainage
- Aged / Health Care Drainage
- Commercial Drainage
- Shower Drainage
- Special Needs Drainage
- Wet Area Drainage
