100AAi20

Slimline Linear Drainage system with Wave Grate (AA) grate style

Low-carbon anodized aluminium linear drain grate and 316 stainless steel channel modular kit designed for architectural applications. Suitable for internal and external wet areas.

Stainless steel kits feature an oversized channel with pre-punched outlet, allowing self-selection of outlet position before cutting down channel to size upon assembly. Kit contents include channel section, grate section, 2x end caps, and outlet extender. [See our guide to kit components for more info](#)
