100TRG20

Slimline Linear Drainage system with Standard (TR) grate style

Stainless steel linear drain grate and grey uPVC channel modular kit designed for architectural applications. Suitable for internal wet areas.

uPVC kits feature a slightly oversized channel with loose outlet, allowing self-selection of outlet position before cutting down channel to size upon assembly. Kit contents include channel section, grate section, 2x end caps, outlet and outlet extender. [See our guide to kit components for more info](#)
